Business Environments

The Ministry of Water and Irrigation, The Council of Governors together with the Water Services Trust Fund, KEWASNET, KEWI and other collaborating institutions are preparing the **2016 Kenya Water Week** at the KICC, Nairobi Kenya from 21st-25th November 2016.

Register now at www.kenyawaterweek.org

The theme of the Conference is: **From Aid to Trade: Enhancing Business Partnerships and Innovation for Sustainable Water and Sanitation provision & irrigation in Africa.** This theme has been arrived at in recognition of the global shift from Aid to Trade, and the need for sustainable financing and development.

MaPIA 2016

The Kenya Water and Sanitation Civil Society Network (KEWASNET) introduce the inaugural **Maji Performance and Innovation Awards (MaPIA 2016)**.

The objective of MaPIA 2016 is to identify, recognize and reward the most outstanding Performers and Innovators in the WASH sector

WICA CHALLENGE

WICA challenge is an initiative of Water Services Trust Fund (WSTF), focused in spurring innovations in the water sector, through the support of already existing innovations to help them become viable business ventures. The following themes will be adopted;

1. Environment (Green and Clean Technology)
2. Technology: Technological and smart solutions
3. Sustainable Access: Solutions with impact
