CALL FOR PAPERS

MAIN THEME AND CONTENTS

The main theme of the conference will be Solutions. This theme should be reflected in the abstract describing both success stories and challenges. In the Dry toilet 2015: the 5th International Dry Toilet Conference the aim is to map out what kind of success stories and possible challenges the different actors have encountered during the last decades in the field of ecological sanitation. It is time to move from challenges to solutions!

The aim of the conference is to discuss concrete ideas and solutions through sessions and workshops, covering topics from ecological sanitation and nutrient cycling to dry toilet technologies and use of excreta as a fertilizer.

If you are interested in facilitating a workshop please do let us know by contacting drytoilet2015@huussi.net

LANGUAGE

The official language of the conference is English.

TENTATIVE TOPICS

Topics on dry sanitation are welcomed with a focus to the following themes.

1. ENGAGING DIFFERENT STAKEHOLDERS IN ACHIEVING SUSTAINABLE DRY SANITATION SOLUTIONS

4. SOLUTIONS TO NUTRIENT RECYCLING, INCLUDING DEVELOPED COUNTRIES
5. SOLUTIONS TO FOOD SECURITY
6. INNOVATIVE COST EFFECTIVE SOLUTIONS TO DRY SANITATION
7. SOLUTIONS TO CULTURAL CHALLENGES (INCL. DISABILITIES) AND STIGMATIZATION OF DRY SANITATION
8. EFFECTS AND SOLUTIONS OF ORGANIC AND UN-ORGANIC RESIDUES IN RE-USING EXCRETA

Invited speakers of international repute will update you on some of the topics. Oral and poster presentations will be chosen by the Scientific Committee on the basis of abstracts received. We invite all experts in the field of ecological sanitation to submit abstracts on any of the above mentioned topics or closely related ones.

WELCOME TO FINLAND AND TAMPERE

FINLAND

Finland, a member of the European Union since 1995, has about 5.4 million inhabitants and is one of the largest countries by area in Europe. The capital is Helsinki. About two-thirds of Finland is covered by forests and there are nearly 200 000 lakes. The coastal archipelago with its labyrinth of waterways is extremely beautiful. Finland is an advanced society with a high level of education. The main industries are electronics and other high-tech industries, paper and wood processing, and metal engineering. For further information visit, please see: <http://www.visitfinland.com/>

Tampere was founded in 1779 between Lake Näsijärvi and Lake Pyhäjärvi on the banks of Tammerkoski rapids by Gustav III, the King of Sweden. With 220 500 inhabitants Tampere is the third largest city in Finland and the biggest inland city of Nordic countries. For further information, please see:

www.visittampere.fi

HOW TO GET TO TAMPERE

Tampere is one of the largest cities in Finland with an international airport and excellent railway and bus connections to Helsinki. There are direct flights to Tampere-Pirkkala Airport from many European cities, and Helsinki-Vantaa Airport is just one bus ride away from the Tampere city centre.

For further information about how to get to Tampere by air, by train, by bus and from the airport, please see:

GLOBAL DRY TOILET ASSOCIATION OF FINLAND

Global Dry Toilet Association of Finland was founded in 2002 to promote the use of dry toilets. Our vision is to make dry toilets an essential part of sustainable development, thus securing clean waters and a healthy environment for future generations. Our mission is to introduce well-functioning dry toilets together with controlled management of toilet waste by implementing the natural nutritional cycle and to raise awareness of the benefits of dry toilets. The Global Dry

Toilet Association of Finland collects and distributes information on different types of dry toilet solutions, develops dry toilet technology and culture and finds solutions to problems with dry toilets. The association takes part and organises exhibitions and seminars on dry toilets, participates in research and publishes study results. It also acts as an intermediate partner between the users, the officials, the dry toilet manufacturers and the media. The association has about 20 company members and about 420 person members.

SINCE 2004 THE ASSOCIATION HAS MANAGED THE FOLLOWING INTERNATIONAL SANITATION PROJECTS:

- Developing community based dry sanitation in Monze, Zambia (2014 – 2015)
- Developing dry sanitation and waste management in Livingstone, Zambia (2014 – 2016)
- Developing dry sanitation and Social Enterprise in Dar es Salaam, Tanzania (2014 – 2016)
- Developing dry sanitation and waste management in Mbabane, Swaziland (2014 – 2016)
- Developing dry sanitation in Lusaka, Zambia (2008 – 2013)
- Development of sanitation in Karelian villages in Russian federation (2008 – 2011)
- The Msunduza dry sanitation project in Mbabane, Swaziland (2007 – 2011)
- Zambian dry sanitation development project in Kaloko, (2006 – 2011)
- The promotion of dry toilet use in the Karelian region in Russian federation (2009)
