

Use of the SFD Tool in India: An Independent Review

Paresh Chhajed-Picha

Indian Institute of Technology Bombay

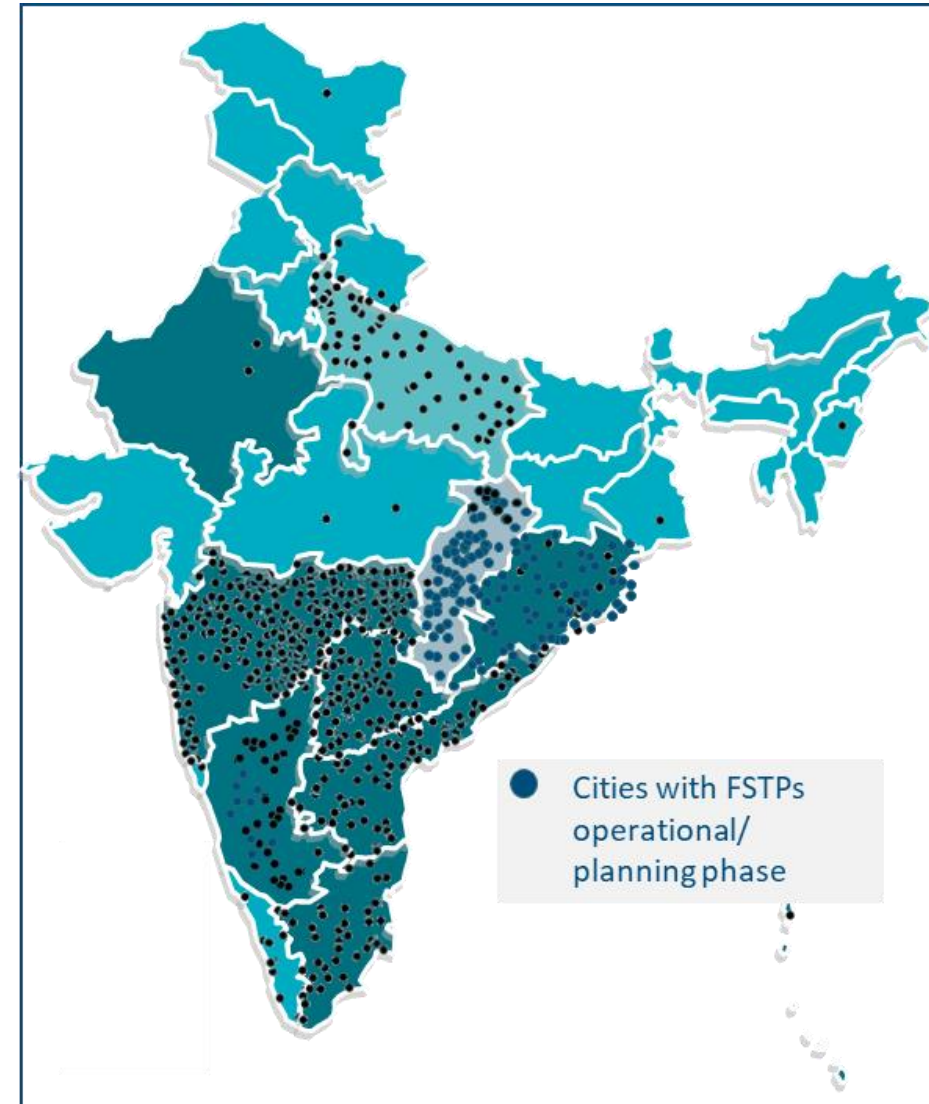

The Reviewed SFD Reports

- SFD reports
 - 61 cities from 19 states and UTs
 - City size ranging from 14k to 16 million
 - Prepared between July 2015 to March 2021
- Varying levels
 - Lite – 32
 - Most reports prepared after 2018 are lite level, many prepared in 2020 when COVID -19 struck
 - Initial – 5
 - Intermediate – 1
 - Comprehensive – 11
 - Level not set: desk based – 9, field based - 3

City class	Population range	Census 2011		This Analysis	
		Number	Population share (%)	Number	Share of population (%)
IA	> 5 million	5	12.0	3	50.7
IB	1 - 5 million	40	18.8	10	32.6
IC	0.1 - 1 million	450	29.0	27	15.2
II	50 - 100 thousand	601	11.1	9	1.0
III	20 - 50 thousand	1896	15.7	9	0.5
IV+	< 20 thousand	4934	13.5	3	0.1

Reviewed SFD Reports vis-à-vis Planned/Implemented FSTPs

Who are using SFD in India?

- Nine organisations involved in use of the tool
 - CEPT University (1), CSE (45), Eawag & CDD (3), Eawag (1), ESF (2), GIZ (3), GIZ and Eawag (1), KARE (Kalasalingam Academy of Research and Education) (1), Nalanda University (1), PSI (3)
- Most SFDs (53) prepared by partners of SFD-PI, the consortium involved in refinement and popularizing the tool
- No local consulting firm prepared any of the SFDs

Questions, suggestions, and comments are welcome

Thank you
